ACF Mission

Our mission is to facilitate the important conversations of chemical safety management between stakeholders all around the globe. ACF, which is a continuation of the successful HCF initiative that has taken place since 2009, recognizes the advancing landscape of chemical safety management in India and the rest of Southeast Asia. Find out how our words bring stalwarts together!

What is Asian Chemicals Forum (ACF)

ACF will foster crucial discussions on chemical safety management among global stakeholders. Building on the success of the HCF initiative since 2009, ACF acknowledges the evolving dynamics of chemical safety management in Asian nations.

You can visit our **website here.**

ACF and it's Partners

The Asian Chemicals Forum (ACF) is organized by the Regulatory Representatives and Managers Association (RRMA) and Helsinki Chemicals Forum (HCF) with the Global Product Compliance (GPC) group as the knowledge partner and principal sponsor.

The ACF conference will cover a wide range of topics related to safe chemical management and will engage 25+ expert speakers from governmental officials, industry leaders, NGOs, and academics from key regions and countries in Europe, Asia and the USA.
