About the Program

ISO 21001 – Management Systems for Educational Organizations (EOMS) Standard focuses on educational organizations and their respective services and products. Primary aim of the Std is to enhance learners and other beneficiaries' satisfaction. Std will help educational institutions to standardize to various Regulatory & Academic Frameworks like NAAC, NBA, AICTE , MCI, UGC etc.

New Educational Policy which is on anvil focusses on increasing Value to user ecosystem. This is possible by standardising various existing academic frameworks on Quality, Compliances , Regulatory norms etc

Consultants Consortium of Chennai, (a Regd Association of Management Systems Consultants) jointly with COAE - Centre of Assessment for Excellence, is organising a program for Educational Sector on ISO 21001 Std as part of November Quality Month Series. This program is supported by Dr MGR Educational & Research Institute & Agurchand Manmull Jain College.
