

WEBINAR 

Knowledge Series

#WorldAccreditationDay

June 9th 2023 marks World Accreditation Day (#WAD2023), a global initiative established by ILAC and IAF to promote the value of accreditation.

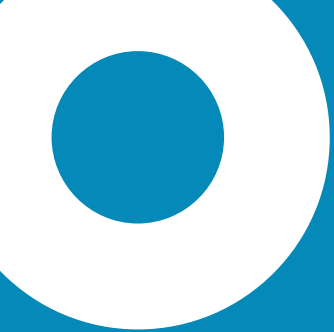

This year's theme, Accreditation: Supporting the Future of Global Trade focuses on how accreditation supports the United Nations Sustainable Development Goals (SDGs) 1, 2, 3, 5, 8, 9, 10, 14, and 17.

The theme of World Accreditation Day 2023 has been selected to demonstrate how national and global quality infrastructures are adapting to advances in technology, changes in consumer behaviours and the regulatory environment, new trust mechanisms, and changing business models.

While standards and accreditation have had a positive impact on trade both within and across borders, there is a need for continued evolution to meet changing industry requirements and to support our future trading systems.

They also play a key role in supporting the SDG targets that relate to trade, namely SDG 1: No Poverty; SDG 2: Zero Hunger; SDG 3: Good Health and Well-Being; SDG 5: Gender Equality; SDG 8: Decent Work and Economic Growth; SDG 9: Industry, Innovation and Infrastructure; SDG 10: Reduced Inequalities; SDG 14: Life Below Water; and SDG 17: Partnerships for the Goals.

Program Objective

Consultants Consortium of Chennai

— challenge the status quo —

Standards | Conformity Assessments | Regulations

Consultants Consortium of Chennai (CCC) is an Association of Management Systems Consultants, registered under the Tamilnadu Societies Registration Act, 1975.
